# WHO WE ARE

At Amazin Timber, we connect international buyers with the world's most reliable mills for processed and industrialized wood products. Through our trusted supplier network across Brazil and other leading timber-producing countries, we ensure your specifications are met, lead times are aligned, and pricing is negotiated directly at the factory.

While documentation and export remain with the manufacturer under FOB Incoterms® 2020, we coordinate every step of the process — keeping you informed and confident until vessel departure.

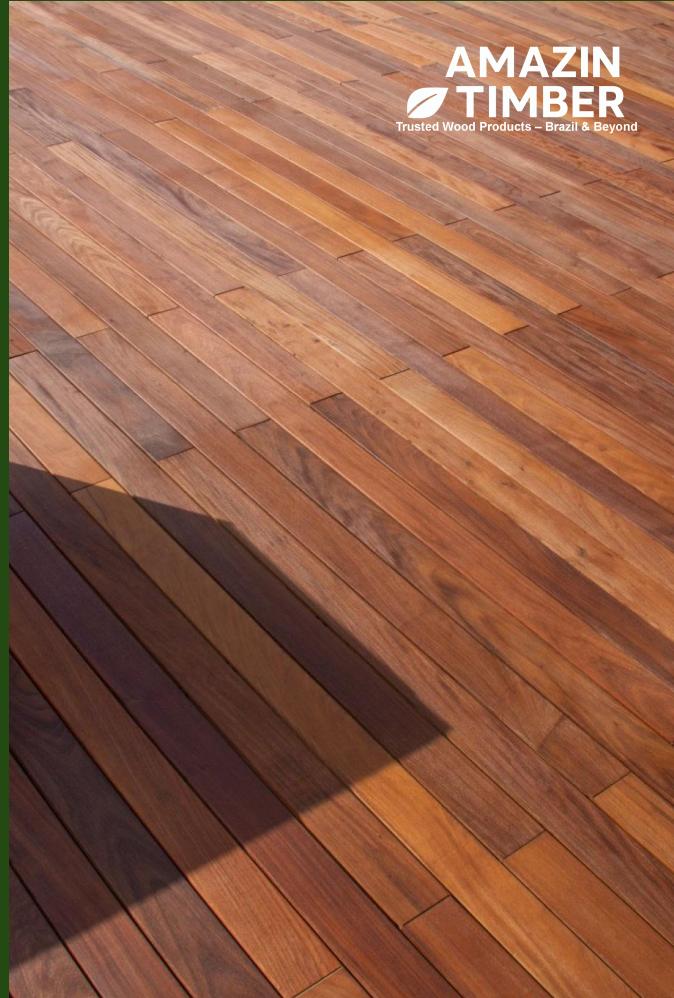

## CORE STRENGTHS:

- Amazin Timber is a global sourcing partner of high-quality wood products
- We focus on delivering customized, large-scale solutions (FCL+)
- Our team ensures compliance, quality control, and timely shipments
- Focus on long-term partnerships
